Name: Josh Helmin

PRELIMINARY AMENDMENT

Box Patent Application
Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Please enter the following preliminary amendment into the above-referenced application.

CLAIMS

[Please amend claims 1-23 as follows. A clean copy of the amended claims is included below.] A marked up copy of the entire claim set is included in Appendix A.

1. (Amended) An arrangement for forming a communications network, wherein the arrangement comprises several modules which transfer relevant information between each other, each module handling the forming of a part of the network to be formed, a set of the modules, selected for forming the communications network, handling together the forming of the communications network.

2. (Amended) An arrangement according to claim 1, wherein the set of the modules is arranged from the bottom module, which forms a physical topology of the network, to the top module, which forms logical connections of the network, so that the modules between the bottom and top module form either physical topologies of the network based on specific technologies, or logical connections of the network based
